2017

Percentage: 54%

SKILLS

- **LANGUAGES** : PYTHON,HTML,JavaScript
- **TOOLS / PLATFORMS** : Jupyternotebook,Tableau, Microsoft Excel
- **DATABASES** : MySQL

PROJECTS

AMAZON SALES VISUALIZATION [click](#)

TABLEAU Software

Amazon sales analysis dashboard features a map, bar chart, detailed sales breakdown, scatter plot, and line chart to provide insights into sales performance.

IMDB DATA WEB SCRAPING [click](#)

PYTHON

In this project, I automated web scraping using Python's BeautifulSoup and requests libraries. I identified a website to scrape, extracted specific data such as quotes, created a table in a MySQL database, and wrote code to feed the scraped data into it. This project helped me develop skills in web scraping, data extraction, and database management using Python
